Phone – cell 920-639-4474

Class meets in Green Bay – Concordia Campus
Tuesdays – February 28 – April 24

Course Overview

This course will emphasize the knowledge and skills needed to become a successful school principal. The course will be centered around a project based/ problem based approach. The class will be divided into pairs of students that will prepare a presentation based on problems that school principals face. In addition, text book readings and activities will be utilized. Practicing principals will be guest speakers.

Text

The Principalship – New Roles in a Professional Learning Community. Matthews, L. Joseph and Crow, Gary M. (2010) Allyn & Bacon, Boston, MA
